SANTA FE SPRINGS, CA

SEPTEMBER 26/27
RENO, NV

OCTOBER 24/25
FRESNO, CA

NOVEMBER 7/8
MODESTO, CA

CLEAVER-BROOKS SYSTEMS PLUS / \$625

Level 1: Operations, Safety, Reliability and Efficiency

This two-day course is designed for Boiler Operators, Maintenance Personnel and front line Supervisory Personnel. The class reviews what a boiler is, how it operates and what ancillary equipment is required to support its operation. Additionally, the program stresses safety and the proper operating practices required to maximize efficient, safe and reliable service of the equipment.

BOILER OPERATOR'S WORKSHOP / \$975

This two-day workshop is designed for maintenance, plant, stationary or mechanical engineers as well as maintenance personnel who are responsible for new installation or repair of boilers. However, anyone seeking a basic working knowledge of boiler room equipment, with select hands-on instruction will benefit from this class. CWEA & AFE Certified.

2017 TRAINING SCHEDULE

BOILERS | PUMPS | SYSTEMS | SERVICE | PARTS

BASIC PUMP & MECHANICAL SEAL TRAINING

FEBRUARY 22/23
SANTA FE SPRINGS, CA

APRIL 11/12
HAYWARD, CA

MAY 16/17
RENO, NV

NOVEMBER 14/15
FRESNO, CA

BASIC PUMP & MECHANICAL SEAL TRAINING / \$675

This two-day class focuses on centrifugal and positive displacement pumps and seal fundamentals, installation, operation and new developments. The course covers basic pump types and hydraulics, seal design and installation, as well as great tips on the do's and don't's of pump installation and operation. Many field examples with photos are used along with actual pumps and seals to enhance the learning process. The format includes lecture and interaction with the class. CWEA & AFE Certified.

HANDS ON PUMP WORKSHOP

MARCH 7/8
FRESNO, CA

JULY 11/12, 13/14
HAYWARD, CA

SEPTEMBER 12/13
SANTA FE SPRINGS, CA

OCTOBER 11/12
ROHNERT PARK, CA

HANDS ON PUMP WORKSHOP / \$1200

This true hands on two-day course is designed for maintenance and operator personnel who are responsible for repair and troubleshooting of Centrifugal Pumps and Mechanical Seals, as well as engineers that want to have hands on experience for installation and repair. The course is conducted in a shop classroom environment with two students assigned to each pump station for maximum hands-on learning, therefore class size is limited. CWEA & AFE Certified.
